

**ENGLISH AS A SECOND LANGUAGE**  
**Construction Communication**  
*Employer Questionnaire*

**GUCA is aware of the need for all Spanish-speaking employees to have a basic construction vocabulary in English. By providing a Construction Communication ESL class for employees whom are monolingual in Spanish or have a limited English vocabulary, GUCA responds to this need efficiently. GUCA has developed a 12-hour classroom educational opportunity for your employees.**

**GUCA would like to take into consideration the best days and times as well as the duration for classes your company prefers to send your employees. This will help us to ensure you have ample opportunity for your employees to participate.**
