This one day program is designed to give your company's trainer the information necessary to design and implement your own in-house skid-steer training program.

This program covers OSHA requirements, liability, documentation, and responsibilities. The Skid-Steer Train-the-Trainer program has been developed for individuals with experience and knowledge on the skid-steer equipment employed at their location.

Upon successful completion of this course, attendees will return to their workplace qualified to Train, Evaluate, and Certify all other employees assigned to operate skid-steers at their place of business.

The following topics will be covered during the class:

- The Benefits of Operator Training
- Developing an Effective Training Program
- Employer Responsibility & Liability
- Skid-steer load handling & placement
- Attachments & Applications
- Vehicle Inspections
- Safe Operating Practices & Rules
- PPE/Operator Restraint Devices
- Pre-Shift Inspections
- Training & Maintenance Documentation
- Shut-down of Equipment
